States United to Prevent Gun Violence & Its Coalition Partners  
Find Nationwide Law Enforcement Support for  
Renewing and Strengthening the Federal Assault Weapons Ban  
(List as of September 14, 2004)

The following list of names of **over 1,900** Police Chiefs, Sheriffs and County Prosecutors from **37** states were collected by States United to Prevent Gun Violence (SU) and collaborating organizations, as part of SU's ongoing Law Enforcement Outreach (LEO) Project to renew and strengthen the federal Assault Weapons Ban. SU is the national coalition of independent state-based organizations devoted to preventing gun violence.

The LEO List is neither complete nor exhaustive. It will be updated from time to time.

Each name on the List is of a Chief, Sheriff or Prosecutor who returned a signed form to a participating organization signifying his or her support for "renewing and strengthening" the federal Assault Weapons Ban (AWB).

SU members and coalition partners have spent hundreds of hours working to put the LEO Project together. Our findings show that law enforcement executives across the country understand the importance of banning all assault weapons, not just those banned by current law.

SU and its coalition partners, therefore, ask that any individual or organization citing or quoting any information from the LEO Project make clear both that the Chiefs, Sheriffs and Prosecutors listed explicitly support renewing and strengthening the federal AWB and that the information is the product of States United to Prevent Gun Violence and its coalition partners.

**States United to Prevent Gun Violence & Its Coalition Partners  
Find Nationwide Law Enforcement Support for  
Renewing and Strengthening the Federal Assault Weapons Ban**  
(List as of September 14, 2004)

---

(SAMPLE FORM COMPLETED BY LAW ENFORCEMENT)

**Support for Strengthening and Reauthorization of the  
Federal Assault Weapons Ban**

In 1994, Congress enacted the Violent Crime Control and Law Enforcement Protection Act, which included a ban on certain military style, semiautomatic assault weapons. This ban was passed with a 10-year sunset provision, and will expire in September of 2004 unless renewed by Congress and signed by President Bush.

Assault weapons pose a direct threat to law enforcement personnel, who face these weapons in the line of duty on a daily basis. According to FBI data, one in five law enforcement officers killed in the line of duty between January 1, 1998, and December 31, 2001 was killed with an assault weapon.

Because of the threat assault weapons pose to the general public and the law enforcement community, the

\_\_\_\_\_ Police or Sheriff Department

supports legislation pending in Congress to strengthen and renew the assault weapons ban, closing loopholes that have allowed gun manufacturers to continue to design, manufacturer, and market military-style, semiautomatic assault weapons to civilians.
